THE ROSEMOND REPORT

Dear Parents,

We have all been commenting this morning about the beautiful weather we had last week and how this is quite an adjustment! However, it is good learning weather and I'm sure teachers (and students) will make the most of it.

This week we will be discussing how *Everybody Counts* through a program designed to have children learn about various disabilities through guest speakers and hands-on activities. Each grade level has a given topic area to explore. The theme of how we are all the same on the inside and each person is created and loved by God is a prevalent one throughout the grade levels. Collectively, it's a beautiful program and we're thankful to all our volunteers for helping it to continue here again this year.

If you're home this Friday (4/21) stop by to see our Third Grade Living History Presentations, which will be happening from 10:15-11:30, in our gym. I'm sure they'll be entertaining and informative too.

Yours in Christ,

Marianne Rosemond
